- SHSBBA Scholarship potential scoring change (Justin San Agustin) ■
 - Must ensure that application and rubric match *exactly* (even the order) to reduce human error from those scoring

 - This may need discussion with multiple people to help verify how possible a category is for a Guard only student
 - If confirmed, determine how to normalize the deficit
 - Add more Guard categories?
 - Eval based on the percentage of max possible earned?
 - If we choose this, the "Above and Beyond" categories have no max and should be evaluated as flat points
 - Other?
